

Services

Design and Construction

- Complete Design-Build Services (for projects aspiring to seek their full potential)
- Regenerative/Integrative Design Process
- Master Planning
- Owner Project Requirements and Team Building
- Workshop/Charrette Facilitation
 - Integrative Design
 - Regenerative Development
 - Green Design

Habitat for Living Systems

- Ecological Design Consulting
- Sustainable Food Production Consulting
- Indoor Air Quality Design and Evaluation
- Daylighting Performance Analysis and Design Consulting
- Daylighting Simulations

Water Flows

- Rain Water Management Planning
- Alternative Waste Water Technologies
- Water Efficiency Evaluations

Energy Opportunities

- eQuest Energy Simulations
- Energy Plus Energy Simulations
- Building Envelop Detailing
- Renewable Energy Projects
- Measurement and Verification
- Green Power/Carbon Offset Purchasing
- Post-Occupancy Evaluations
- Energy Audits

Material Impacts

- Materials Research
- Specifications
- Athena Life Cycle Assessment
- BEES Life Cycle Assessment
- Construction Waste Management Plans

Green Building Assessment

- LEED® Consulting, Specifications and Documentation
- International Green Building Challenge
- Living Building/Community/Product Challenge
- Passive House

Commissioning Building Operations

- Building Commissioning
- Design Phase Commissioning
- Construction Phase Commissioning
- Re-Commissioning
- Retro-Commissioning
- Building Thermography including:
 - Moisture Detection
 - Air Infiltration
 - Insulation Deficiencies
- Post-Occupancy Evaluations

Organizational and Community Sustainability

- Alignment and Goal-Setting Community Workshops
- Marketing Materials and Presentations
- Strategic Visioning Facilitation
- Product Consulting
- Regenerative Business Development

Story and Communications

- How to Effectively “Tell Your Story”
- Video Production
- Strategy
- Publications

Learning and Education

- Presentations and Workshops (on the topics related to our services)
- Regenerative Design and Development Immersion
- Experiential Participation in our Work (including workshops and consulting services)
- Learn with Us (as we seek to explore and understand different ways of knowing)
- Practicum Cohort Development
